IISERB/DOAA/2020/127

March 12, 2020

In view of the global medical emergencies and Governmental advice to minimize the travel of citizens to contain the novel Corona virus, the Institute has decided to extend the mid-semester recess till March 31, 2020. The classes shall commence on April 01, 2020 (Wednesday). The revised academic schedule due to this extension of recess will be informed separately at a later date.

During the extended period of recess, services such as dining facilities, internet services, hostel accommodation, weekend and holiday bus trips etc. would be provided as minimally necessary for the students already residing on campus.

Hence students are hereby advised to return to our campus on March 31, 2020. Further, please note that under these circumstances, no student will be allowed to proceed on summer internship abroad. Necessary intimation may be sent to the concerned accordingly.

You are also advised to check your emails regularly for any updates from time to time.

I wish you a safe stay at your home till the situation becomes normal.
